

## 2022-2023 IMPACT REPORT

At Childcare Resources, we believe data should be used to guide how programs are developed and implemented. We utilize both quantitative and qualitative information in order to provide evidence-based programs that help children, families, and early educators in our community achieve greater results. This in turn positively impacts lives across Indian River County and beyond.

This is the snapshot of impact from the **2022-2023** fiscal year that you made possible:

**4,097** CHILDREN IMPACTED BY OUR WHOLE CHILD DEVELOPMENT MODEL

**172**

Children benefited from early education at the Childcare Resources School and contracting centers.

**1,301**

Hours of therapeutic intervention on our campus that benefited children.

**638**

Volunteer hours completed by program parents.

**271**

Educators that participated in professional development and career-advancing opportunities.

**27**

Degrees and credentials earned by local early childhood educators.

**13,375**

Dollars subsidized for the average program family, reducing childcare costs.

### Childcare Resources Mission:

To elevate and promote the highest quality early childhood development and education in Indian River County, focusing on economically challenged children and families.

### Childcare Resources Vision:

All children and their families benefit from a high quality learning experience.

### Early Childhood Education

Childcare Resources provides high-quality education at the Childcare Resources School and partnering centers. All centers are accredited by the National Association for the Education of Young Children.

### Wellness & Early Intervention

The Wellness & Early Intervention Program (WEIP) provides wellness and support services to program students and families. WEIP coordinates hearing and vision screenings, therapeutic services, individual care plans, assessments, and parent educational activities.

WEIP also connects program families with community resources on an as-needed basis.

### Educator Outreach

184 educators (unduplicated) attended professional development workshops.

The coaching program responded to the needs of the community with a focus on quality, reaching 16 educators.

The higher education program provided opportunities for educators to achieve academic goals, serving 56 educators with a 93% course completion rate.

Six director meetings provided 34 local directors with networking and educational opportunities.

### Employers of Program Parents
